The Little Explorers program includes well crafted curriculums designed specifically for children ages 2-5 years and has many benefits.

Children who participate in the Little Explorers program will learn to be more self confident, listen and follow directions, discipline, develop good motor skills and coordination, and improve strength and flexibility.

The benefits of Little Explorers preschool are so far beyond physical fitness. Little Explorers helps the children be more assertive, more confident and happier in their journey as they grow. We want each of them to feel comfortable with their body and what they can do with it. We want to help them be successful now and in the future.

Registration

There is a \$60.00 registration fee for the 1st child and \$15.00 per additional child in an immediate family. Registration fee is paid yearly.

Price per Month (4 weeks)

All Little Explorers Classes
\$65.00 per 4-week session

Parent & Tot

2 Year Old and Parent Class

The Little Explorer will be successfully introduced to using basic gross motor skills while incorporating standard gymnastics apparatus such as beam, floor and bars. Our 2 year old friends will experience learning balance, strength, and agility while in the comfortable company of mom or dad who will help them through the entire class.

Super Tots

3 Year Old Preschool Class

The little Explorer will be successfully introduced to the floor, the beam, the bar, and the trampoline and several basic skills on each apparatus. We will incorporate creative movement, learning and yoga to help build focus, strength, and body awareness while having FUN!

Mighty Tots

4 Year Old Preschool Class

The little Explorer will be successfully introduced to the floor, the beam, the bar, and the trampoline and several basic skills on each apparatus. We will incorporate creative movement, learning and yoga to help build focus, strength, and body awareness while having FUN!

High Five

5 Year Old Preschool Class

The athlete will successfully master beginner elements of the floor, the beam, the bar, the vault, and the trampoline. We will incorporate creative movement, learning and yoga to help build focus, strength, and body awareness while having FUN!
